

New Website Under Construction:

We are currently building a new website to host information on the last 25 years of Candice Breitz's work.

+

Old Website:

Our old website, which covers works made between 1994 and 2010, can still be accessed at the link below:

www.candicebreitz.net/archive

Please note that the old website is flash-based!

As such, some browsers may have problems accessing its content!
